DETAILED ACTION

This Office Action is in response to the Applicant's amendment submitted on 01/07/2008. In virtue of this amendment, claims 1-16, 19-21, and 34 are canceled; and thus, claims 17-18 and 22-33 are now presented in the instant application.

Allowable Subject Matter

1. Claims 17-18 and 22-33 are allowed.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

Prior art fails to disclose or fairly suggest:

- Startup circuit for a power supply including a first input of a first comparator coupled to an output of the first capacitor and a second input of the first comparator coupled to a first reference voltage for generating a first switching signal when the output of the first capacitor exceeds the first reference voltage, and a first input of a second comparator coupled to an output of the second capacitor and a second input of the second comparator coupled to a second reference voltage for generating a second switching signal when the output of the second capacitor exceeds the second reference voltage, in combination with the remaining claimed limitations as called for in independent claim 17 (claims 18 and 22-29 are allowed since they are dependent on claim 17); and
- A universal or variable power supply including a startup circuit including a first input of a first comparator coupled to an output of the first capacitor and a second input of the first comparator coupled to a first reference voltage for generating a first

switching signal when the output of the first capacitor exceeds the first reference voltage, and a first input of a second comparator coupled to an output of the second capacitor and a second input of the second comparator coupled to a second reference voltage for generating a second switching signal when the output of the second capacitor exceeds the second reference voltage, in combination with the remaining claimed limitations as called for in independent claim 30 (claims 31-33 are allowed since they are dependent on claim 30).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
